

The Northwest Missourian

Northwest Missouri State Teachers College

VOL. 18

MARYVILLE, MISSOURI, TUESDAY, APRIL 26, 1932

NO. 21

May Fete Will Be One of Best Ever Given Here

"The Bluebird of Happiness" Is to Be Presented May 13 and 14 at College.

The "Bluebird of Happiness," adapted from Maeterlinck's "Bluebird," will be presented May 13 and 14 on the college campus as the fourth and perhaps most elaborate annual May Fete at S. T. C. This year's cast will include more than five hundred twenty-five students, filling parts in a story which has an unusual appeal for a fete of this sort.

A synopsis of the story is as follows: Mytel and Tytel two children played by Marian Tolleson and Marion Gibbons, are sent by a fairy to look for the Bluebird of Happiness. Guided by the Spirit of Light, Marjorie Bruce, they go to the lands of the clouds, and stop first in the land of memories. Here they meet their dead grandmother, whom they loved when she was alive, and they think they have found the Bluebird of Happiness. But when the bird comes into full light, he turns out to be a blackbird.

Have Many Adventures

The two children then proceed to the Land of Luxury, where they find the luxuries of Know-Nothing, Do-Nothing, Wealth, and Eating, all feasting at a banquet, entertained by a group of Oriental dancers. They again find a bird, which they think to be the Bluebird, but he turns out to be a red bird. Again the victims of disillusionment, they finally turn to the Land of the Future, where they find all of the unborn children of thousands of years to come—children who, when taken to the earth below in the boat of Father Time, will be the inventors, artists, and musicians. This time they really see the true Bluebird, and try to catch him, but he escapes, and after much disappointment they start home. But when they reach their earthly cottage, "Reality," they find the Bluebird of Happiness already there, surrounded by the Joy of Flowers, the Joy of Night, and the Joy of Health, and in the finale the Bluebird brings out three hundred fifty other bluebirds, all of whom dance around the homely but happy cottage.

Some Elaborate Scenery

This year the Bluebird dance will serve as the finale instead of the ordinary grand parade. The set will represent all the different cloud lands, and on one side will be the cottage home "Reality," while on the other side will be the Land of Memory screened behind a curtain of theatrical gauze. The scenery is being painted by William Stillwell and Harold Knox, under the supervision of U. G. Whiffen of the Industrial Arts department, and the entire production is under the direction of Miss Nell Martindale, assisted by Miss Weiss, and Miss Marsh, all of the Women's Physical Education department.

Forty Members in W. A. A.

The purpose of the Women's Athletic Association of the College is to promote good sportsmanship and to encourage athletic competition among the women students.

This year there are forty active members who participate in all or part of the following sports: hockey, soccer, volleyball, basketball, tennis, swimming, track and baseball. A point system has been arranged by the National Association in which the M. S. T. C. W. A. A. has a chapter and by the rules of which the local chapter makes its awards to its members. These awards are pins, letters, sweaters and blankets.

The S. T. C., Y. W. C. A., Welcomes All Girls

The Y. W. C. A. is perhaps the most democratic organization for girls on the campus. It is the desire of the officers and sponsors of this group to provide to every interested girl an opportunity for social and religious expression. The Y. W. desires to give all girls a broad-minded view of present day problems and their Christian solution.

One of the special activities sponsored this year on the campus was the presentation of Paul Porter, nationally known field secretary of the League for Industrial Democracy. The speaker was sponsored by the Y. M. C. A. and the Y. W. C. A.

The Y. W. Hut in the College Park is a very popular resort for those girls desiring rest and seclusion. The Hut consists of a kitchenette, a large comfortably furnished recreation room, a cozy fire place. The girls have enjoyed many pleasant hours, afternoons and evenings in the Hut, a project which has been their own.

The officers for 1931-1932 are: President, Gladys O. Cooper, Denver, Colo.; vice-president, Lucille Lawson, Maryville; secretary, Ruth Stewart, Washington, Ia.; treasurer, Lucille Gifford, Republican City, Neb.; Cabinet Members—Faye Sutton, Eudora Smith, of Maryville; Velma Helton, King City; Lucille Carson, King City; and Ruth Van Sant, Shenandoah, Ia.

The girls send greetings and best wishes to the high school seniors and contestants, and welcome women Short Course and Summer School students to join their group.

Greetings to H. S. Seniors

This special issue of the Northwest Missourian is dedicated especially to the seniors who will be graduated from the Northwest Missouri high schools, this spring, and to the high school students who come to the College to take part in the Annual Spring Contests, April 28, 29 and 30. Along with general College news, some information concerning a few of the activities undertaken and organizations established at the College is given herein.

The members of the College faculty and the student body also take this opportunity to welcome the students who enrolled in the College Short Course, April 25, to the campus of M. S. T. C.

Senior Class Is to Present Play by Shakespeare

"Merry Wives of Windsor" Will Be Given in College Auditorium May 24.

The senior class tradition of producing a Shakespearean drama as the official senior class play is again to be carried out. It is announced, as this year's graduating class chooses to present Shakespeare's "Merry Wives of Windsor." The play will be produced in the College auditorium at eight o'clock on the evening of Tuesday, May 24.

"The Merry Wives of Windsor" is a rollicking, farcical comedy which is thought to have been written for and originally produced at a court festival upon the request of Queen Elizabeth. It depicts the Falstaff of the Shakespearean drama, "Henry V," but supposedly at an earlier period in the life of the "fat knight" and has as its principal action, according to Knight in his "Pictorial Shakespeare"—"the adventures of Falstaff with the Merry Wives and sweeps on with a rapidity of movement which hurries us forward."

Irresistibly... No reverses, no disgraces, can save Falstaff from his final humiliation. The net is around him, but he does not see the meshes; he fancies himself the deceiver, but he is the deceived. . . . The real jealousy of Ford—the jealous husband of one of the Merry Wives who is playfully leading Falstaff on in a flirtation quite serious to our robust romancer—"most skillfully helps on the devices of his wife. . . . The misadventures of Falstaff are most agreeably varied. The disguise of the old woman of Benford puts him altogether in a different situation from his suffocation in the buck basket, and the fairy machinery of Herne's Oak carries the catastrophe out of the region of comedy into that of romance."

McSpadden, in his "Shakespearean Synopses," states the plot as follows:

"Sir John Falstaff has forsaken warlike pursuits . . . and is now devoted to the peaceful occupations of poaching and love-making. . . . Two women of Windsor, Mistress Ford and Mistress Page, engage his attention at the same time; and he resolves to lay siege to their affections, notwithstanding both are married." The comical situations which grow out of this circumstance make up the main theme of the comedy while the romance of Mistress Page's daughter Anne with Shallow "largely through his friends," with Hugh Evans; a Welsh curate and schoolmaster, with Doctor Caius, a French physician, and with Fenton, a courtier, supplies the sub-plot.

The cast for the play has not yet been chosen as this goes to press.

Wide Opportunities in Home Economics

Through the gateway of home economics training, a girl may enter any one of one hundred and thirty-seven professions besides teaching and home-making.

Miss Hettie M. Anthony, chairman of the Department, is instructor of classes in Clothing and Miss Ruth Blanshan, member of the faculty of this Department is instructor of classes in Foods.

Because of the excellent work of the graduates of the College who have majored in Home Economics at the College and because of standards maintained the Department is recognized locally and nationally.

All the girls majoring or minoring in Home Economics are eligible upon meeting the scholastic requirements, to become members of the Alpha chapter of Kappa Omicron Phi, the National Honorary Home Economics Fraternity.

The cabin at the south entrance of the College Park is the place in which the girls have delightful times and enjoy leisure moments.

Track and Field Meet Attracts Many Entrants

Almost 300 High School Athletes Will Compete Friday on College Field.

Although high school track teams must bear the expense of food and lodging during the spring contests this year, there is only a small decrease in the number of entrants in the schools which will compete in the track and field meet on Friday.

According to the final check on Monday twelve class B and 20 class C schools have sent in entries for the meet, compared to a total of thirty-seven schools of both classes last year.

Even though the number of schools entered are fewer, there will be more athletes competing this year than last. Class B schools have entered 144 athletes and class C schools one more for a total of 289. Last year 113 class B and 124 class C schools athletes for a total of 237 were entered.

Class B Schools
The class B schools which will compete in the track and field meet are Albany, Cameron, Chillicothe, Excelsior Springs, King City, Liberty, Maryville, Maysville, Mound City, Tarkio, Savannah and Smithville.

Class C Schools
Class C schools entered in the meet are Bosworth, DeKalb, Camden Point, College High of Maryville, Fairfax, Grandview, Harmony, Helena, Kearney, Laredo, Lathrop, New Hampton, Oak Grove, Platte City, Plattsburg, Rock Port, Rosendale, Westboro, Weston and Graham.

Maryville entered fourteen men, Alton, Barrett, Belt, Dickie, Foster, Haselwood, Kissinger, Melton, Miller, Oakeson, Seyster, Schmidt, Short, and Wade. Chillicothe, which won the Big Six high school meet, has entered sixteen athletes, C. Babb, T. Barnes, E. Coon, C. Cox, M. Grace, P. Irvin, E. Lemon, C. Melton, B. Miner, P. Rensch, S. Sparling, F. Taylor, J. Toft, W. Watkins, J. White and M. Wilson. Tarkio and Chillicothe have the largest entry lists in the meet, sixteen each.

Guess Who

The character in the last week's "Guess Who" was Johnny Lisle. This week we are describing a big man from the South. He is very good looking, has brown hair and blue eyes, wears good-looking clothes too. He was seen with the track team last Friday. Since he hasn't told us his age nor his classification we can say nothing more except that he reminds us of Bobby Jones.

Calendar

April 28, 29, 30—Annual Northwest Missouri High School contests and track meet.

April 27—Opening home baseball game. Bearcats vs. Kirksville.

May 5—W. A. A. formal dance at Country Club.

May 6—Sigma Tau Gamma formal dance at Country Club.

May 7—Sigma Mu Delta dance at Country Club.

May 13—Annual May Fete. "The Bluebird" on College campus.

May 13—Mothers' Day at S. T. C.

May 23 to 27—Graduation week.

May 27—Close of regular Spring quarter and short course.

May 26—Alumni Banquet.

30-Hour Certificates

According to President Lamkin the 30-hour and the 60-hour certificates will be issued under present conditions to students who have been enrolled prior to September 1, 1932. However the requirements for the 30-hour must be completed by the first of September, 1933 and the requirements for the present 60-hour certificates must be completed by the first of September 1934.

After September 1, 1932 the College will not issue the 30-hour certificate except to persons who have begun work on it prior to that time. After that date the 60-hour certificate will be a license to teach in the schools of Missouri for a period of two years, and will be renewable twice upon the completion of ten hours of college work for each renewal.

Biology Classes Attract Interest

The Department of Biology of the College sends greetings through this issue of the Northwest Missourian to the seniors and other students of the high schools in this District.

Because of progress made in this Department those connected with it believe that it is contributing a great deal to the enrichment of education in this section. Advanced classes at the College this year are the largest ever. Students are more and more becoming attracted by studies in life sciences.

Students are interested in working with something alive and the Department has always tried to provide the maximum in laboratory materials.

Write to the College or inquire for information about the opportunities for one trained in Biology. There are many fields of endeavor open for the professional biologist.

Mothers' Day Is to Be Held May 13, Committee Says

Dr. O. Myking Mehus Is Chairman of Faculty-Student Group in Charge.

May the thirteenth has been set as the date for the celebration of Mothers' Day at the College. A committee made up of thirty-five students and several faculty members has been appointed to arrange for the celebration in honor of the Mothers.

Dr. O. Myking Mehus, of the faculty of the Social Science Department of the College is chairman of the Faculty-Student Committee on Mothers' Day. He says that to show that college students in this day and age are not superstitious they voted to have Mothers' Day on Friday, May the thirteenth.

The mothers will be invited to spend the whole day at the State Teachers College. The forenoon will be spent in sight-seeing about the campus and in viewing various exhibits in the Administration Building, as well as visiting classes. At noon an elaborate banquet will be served for the mothers at Residence Hall and in some of the churches. In the afternoon a program of music and dramas will be given in the College Auditorium. This will be followed by a Swimming Exhibition in the college swimming pool at the gymnasium.

At six o'clock the mothers will dine with their sons and daughters. In the evening a spectacular May Fete will be given on the college campus. The annual May Fete is always an interesting event at the State Teachers College and this year's presentation promises to be better than ever.

Officials For Track Meet Are Announced

Officials for the District high school track and field meet which will start Friday, April 29 at 1:15 p. m. have been announced as follows: Clerk, Volde Willoughby; starter and referee of track events, E. A. Davis; referee and head judge of field events, H. P. Iba; timers, H. L. Raines, Ernest Ellis, and James Stubbs; Judges of Finish, Wilbur Stalcup, Herman Fischer, Raymond, Mitzel and Dale St. John.

Measures and markers will be "M" men of the College. Positively no one except officials and contestants will be allowed on the field.

To Visiting High School Students

We are glad to have you in Maryville this week at the College which belongs to all the people of Northwest Missouri. We hope you have a good time. While all of you will not win in the particular events in which you are entered all of you may share something of the winner's part through your meeting high school students from other towns in friendly rivalry, accepting without question and with fine sportsmanship the fortunes which come.

Again may we say, we are glad to welcome you here!

Uel W. Lamkin President.

College Baseball Team Appears to Be Best in Years

Coach Henry Iba Has Wealth of Good Material—Light Schedule Is Arranged.

M. S. T. C. has prospects of a winning baseball team again this year. Coach Iba has a plenty of new material to support his lettermen, who are the following: H. J. Fischer, captain and shortstop; Sedalia; Cowden, Oklahoma City, Okla.; Hodgkinson, El Reno, Okla.; Lisle, Easton; Milner, Oklahoma City, Okla.; Taylor, Oklahoma City, Okla.; Ashmore, Clarinda; O'Connor, Maloy, Ia.; and Barnes, Grant City.

The new men and their home towns are: Sullivan, Harrisburg, Ill.; Hiner, Rushville; Woods, Clarinda, Ia.; Scott, Winston; Huntsman, New Point; Borghmeyer, Smithville; Merrigan, Maryville; Phillips, Columbia; Parker, Bethany; Phelps, Cameron; Hodge, Princeton; Hurst, Bolckow; Doak, Osborn; Duke, Evans, Independence; Parker, Bethany.

Coach Iba has had difficulty in arranging a schedule for this spring. Last year the team defeated some of the larger college and university teams, including the University of Nebraska and others.

For their first intercollegiate game the Bearcats journeyed to Emporia, Kan., to meet the College of Emporia team. A ninth inning home run by Alvin Emch, shortstop with Meek, who had walked, on base and two men out gave the College of Emporia a 4 to 3 victory.

The first intercollegiate home game will be here April 27 against the Kirksville Teachers. The teams will also meet April 28. Washington U. will be here for games May 4 and 5. The Bearcats then go on the road, meeting Kirksville May 9 and moving on to Columbia the following day.

Coach Iba said he would probably take his team to Leavenworth to play the Federal penitentiary team some Saturday.

Otis Thorburn, southpaw ace, and John Wright, sharpshooting righthander entered college for the short course Monday.

Kappa Omicron Phi Founded Here in 1922

Kappa Omicron Phi is a national honorary professional Home Economics fraternity. Its purpose is to further the best interests in home economics in four year colleges. The organization was founded on the campus in 1922 and now has fourteen chapters in states from Virginia to California. The founder of the organization and one of the present sponsors is Miss Hettie Anthony, chairman of the Home Economics Department and also National President of the organization. The other sponsor is Miss Ruth Blanshan, Foods instructor in the department.

Kappa Omicron Phi sends greetings to the high school seniors and contestants. During your visit to our campus you will, of course, drive through the College Park. At the South entrance there is a cabin with a flower bed by the walk. No doubt you will ask your friends what this is. It is the Kappa Omicron Phi cabin. It has three rooms, living room, dining room and kitchen. It is very attractively furnished with black and gold furniture and basket weave curtains with yarn trimming and many comfortable pillows. The large fire-place is the center of interest in the living room. Many evenings are spent here popping corn, pulling taffy, and talking over school problems.

Any girl majoring or minoring in Home Economics is eligible to belong to this organization if her scholastic standing meets the requirements.

Our officers are: President, Ruth Kramer, Maryville; vice-president, Gladys Story, Chillicothe; secretary, Helen Slagle, Grant City; and treasurer, Marjorie Kelley, St. Joseph.

1,500 Students Will Compete in Spring Contests

Number of Entrants in Events This Year Exceeds All Expectations.

Approximately 1,500 contestants from eighty Northwest Missouri high schools will be in Maryville on Thursday, Friday, and Saturday for the annual High School Contests at the College.

At noon today Herbert R. Dieterich, manager of the contests, reported an entry list of 1,470 high school students. This exceeds all expectations of the contest committee for the 1932 events.

The fact that the College had made changes in the means of caring for the contestants this year has not kept schools from entering.

120 From Chillicothe.

Chillicothe is sending the largest out-of-town group. That school has entered 120 students. Maryville has 122 entered. Among other schools sending large groups are: Gallatin, 62; Weston, 50; Cameron, 73; Tarkio, 75; Mound City, 82; Hamilton, 71.

For the first time in years Bethany high school, in Harrison county, is not entered in the contests. The school was unable to finance the sending of contestants.

This morning in a check-up of one-act plays to be given the list showed an entry of fifteen schools.

List of Schools

Following are the schools to participate in the contests and the number of entrants from each:

Pickering	1	Rock Port	33
Rosendale	13	Jameson	5
Kearney	12	DeKalb	5
Spickard	14	Clearmont	15
Clarksdale	1	Hopkins	20
Liberty	29	Amity	1
Grant City	30	Cowgill	12
Daleview	4	Parkville	10
Matland	2	Ridgeway	5
Forest City	4	Union Star	6
Rushville	1	Platte City	28
Braymer	4	Jamesport	25
Marysville	28	Stewartville	24
Kingston	1	Albany	22
Winston	1	Laredo	1
Stewartville	24	Osborn	4
Graham	9	Savannah	42
Grandview	8	Skidmore	30
Smithville	11	Blytheedale	1
Quitman	3	Plattsburg	14
Gower	15	King City	13
Altamont	3	Helena	7
Bosworth	7	Martinsville	3
Fairfax	21	Patonsburg	21
Corning	3	Fulmore	19
Conception		Oregon	3
College H.	8	Agency	1
Polo	16	Dearborn	6
Richmond	1	Hatfield	3
Watson	6	New Hampton	13
Harmony	15	Camden Point	8
Parnell	8	Westboro	18
Elmo	10	Lathrop	17
Oak Grove	18	Central, St. Joe	12
Stanberry	14	College H. (number unknown)	
Fortescue	17	ber unknown	
Excelsior Spgs.	25		

Music Fraternity Is Organized in S. T. C.

Alpha Psi Epsilon, professional public school music fraternity open to both men and women meeting its requirements, was organized at the Northwest Missouri State Teachers College on March 21, 1932. The purpose of this organization is to make music a vital force on the campus; to uphold the standards of music supervision and teaching; to further education as it is applied to public school music; to set the model for musical achievement; to provide examples of artistic productions of the masterpieces of music; and to foster a congenial atmosphere among the public school music students. Superior standing in the department of music is necessary for membership. The organization has set itself to engage in one social or professional activity each quarter. Young as it is, Alpha Psi Epsilon has raised the standard of the music department by requiring attendance at band, orchestra, chorus, and glee club of junior and senior active members. Freshman and sophomore members must attend band or orchestra, chorus, and glee club. The organization attempts to be of service to each student, major or minor, in the music department either through giving actual membership, or through other connection. Officers have been elected to serve the remainder of this year and next year. They are, president, Donald F. Johnson; vice-president, Ruth Stewart; secretary, Aleatha Besinger, Treasurer, Glen P. Duncan, and Historian, Wilma Lewis. Charles R. Gardner is cum-senior. There was in existence no public school music fraternity. Alpha Psi Epsilon meets in particular, the needs of teachers colleges. Mr. Gardner has been in communication with heads of the departments of other schools who are favorable to the type of organization, and it is expected that other chapters will be established.

President Uel W. Lamkin was in Chicago last week-end.

Gardner Formed First All-State H. S. Orchestra

Director of College Conservatory Has Actively Promoted Musical Interests.

Charles R. Gardner, Director of the Conservatory, in addition to his duties in the music department of the college, has actively promoted the musical interests of the district and the state. It was he who first organized the all-state high school orchestra. H. O. Hickernell directed the orchestra upon its first appearance.

The management of the organization is rotated among the teachers colleges and the university. Mr. Gardner manages and Mr. Hickernell directs the district high school orchestra. Their aim is to have a modern symphony orchestra of eighty-three pieces. The Department of Public School Music assists the county superintendent of schools each year in the appearance of the rural school chorus. This year Edson B. Miller, senior music major, directed the county rural school children. Donald E. Johnson was accompanist. Soloists were Maryville grade pupils, Bobbie Curfman and Irene Heldeman, pupils of Miss Morris; and Barbara Gray and Beatrice Leeson, pupils of Miss Barton.

Students Judge Contests.
The Conservatory faculty furnished music for the annual district teachers meeting in the fall. The college has sent the following students to judge music contests: Barney Thompson, L. Mound City, Maysville, and Shenandoah and Farragut, Ia.; Carl Blackwelder and Charles Thomas to Maysville; and Genevieve Miller and Edson B. Miller to Gallatin and Winston. The music contests each spring are held in connection with the Northwest Missouri high school contests. Two days are given to music events. This is the eleventh year that these contests have been held. Last year over one thousand students entered in music events.

During the past year, four new developments have furthered the progress of the conservatory. Recently, the general chorus has specialized in a capella singing. In a mixed chorus of sixty, with practically no restrictions as to membership, effective a capella singing is most unusual.

Have Training Band.
The training band gives instruction and practical experience to students who are learning to play instruments. This training is of the greatest value to the prospective music supervisor. In the college demonstration school class lessons are given in stringed and wind instruments. The string and wind classes are taught by Barney Thompson and Carl Blackwelder, respectively, both senior music majors. The work is under the direct supervision of Charles R. Gardner. The most recent development has been the organization of Alpha Psi Epsilon, professional public school music fraternity. This fraternity reaches practically every music student in the college and raises, considerably, the standards of the department.

Holders of the degree of Bachelor of Science in Education, with a music major are located in eighteen states: Alabama, California, Delaware, Idaho, Illinois, Iowa, Kansas, Kentucky, Michigan, Missouri, Nebraska, North Carolina, New Mexico, Ohio, South Dakota, Texas, Wisconsin, and Wyoming.

Students Are Given Test of Reasoning

The following problem was given to a certain University Student body to test their reasoning capacities. There is no catch word or trick in the problem. It is entirely sensible and reasonable.

A train running between St. Joseph and Kansas City, Mo., carries three passengers and a crew of three: a guard, a fireman, and engineer. The names of the crew are Jones, Smith and Robinson (do not consider respectively). The names of the passengers are also Jones, Smith and Robinson. We will call them Mr. Jones, Mr. Smith and Mr. Robinson. Mr. Robinson lives in St. Joseph, Mr. Jones has an annual salary of \$2561 and \$.50. The guard lives mid-way between St. Joseph and Kansas City, and his nearest neighbor among the passengers has a salary exactly 2 times that of the guard. The guards namesake among the passengers lives in Kansas City. Smith beat the fireman at golf. What is the name of the engineer?

Note: We do not guarantee to give the correct answer to this problem, but will be glad to consider any solutions received.

The Fine Arts Club

The Fine Arts Club of the Northwest Missouri State Teachers College is the oldest departmental organization in the college.

The club was organized in September of 1916 under the direction of Miss Olive DeLuce, who is the chairman of the Fine Arts Department. The club has included into its membership all the Fine Arts majors and minors who

Coaches Henry Iba and "Lefty" Davis, two of the big reasons for Maryville's undefeated basketball and football teams of the past season.

DEAN SHARLEY K. PIKE
Students at the College find Miss Pike a friend in whom they can confide.

G. H. COLBERT
At the end of the spring term, Mr. Colbert, chairman of the Mathematics Department will have taught at the College for twenty-six years while Mr. Cook, teacher of History, whose picture appears below, will have taught for twenty-five years. The Alumni Association of the College will present the College with large bust pictures of these men at the Alumni dinner and meeting Thursday evening, May 26 at the College.

T. H. COOK

maintain a required scholastic standing. The club has tried to create an interest and appreciation for art.

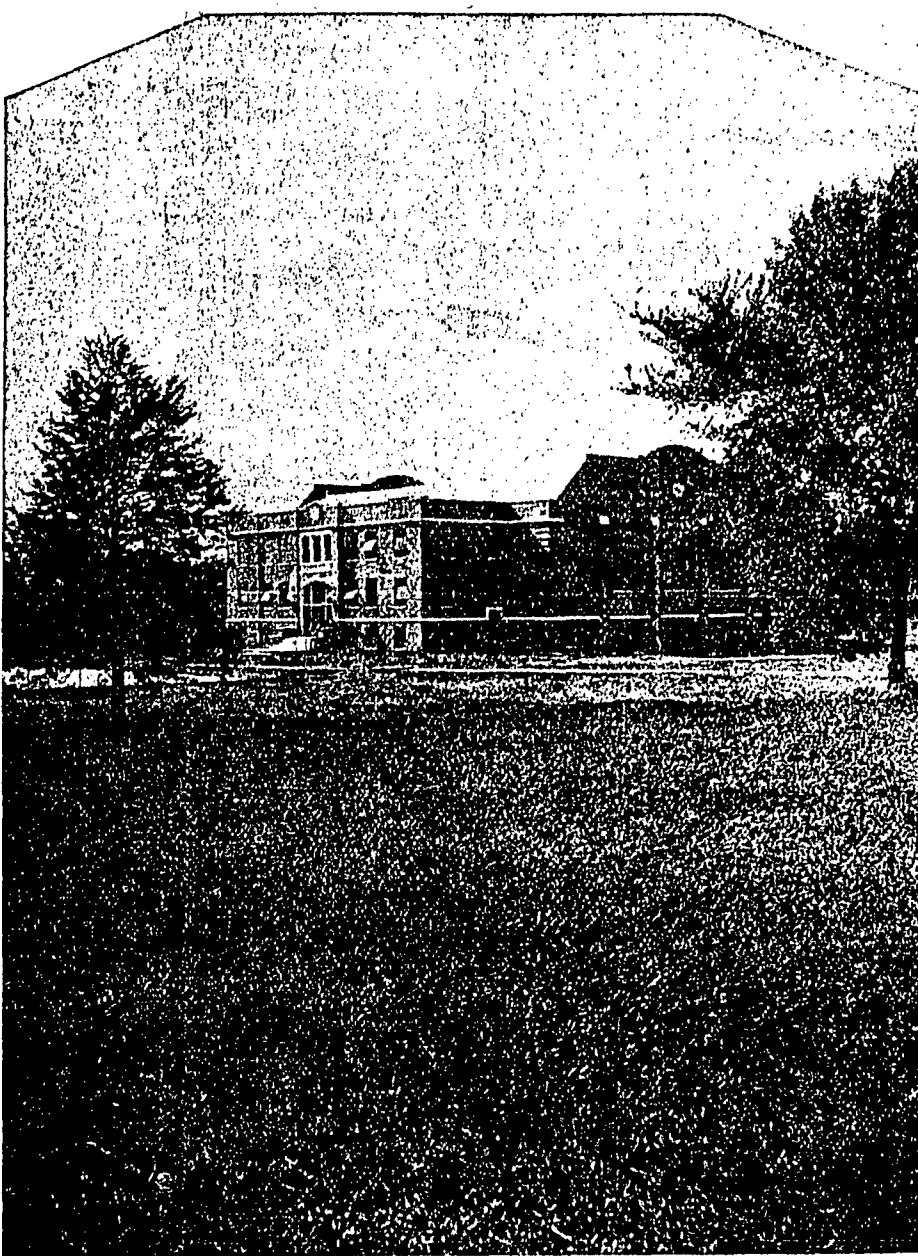

This year, besides the regular business meetings, the club has had its annual Christmas party, a Valentine party and an annual Spring banquet.

The sponsors of the Club are Miss Olive DeLuce and Miss Carrie Hopkins, both of the faculty of the Fine Arts Department of the College. The president of the Club is Dorothy Bahb, Maryville; vice-president, Dorothy Glenn Skidmore; and secretary-treasurer, Mary Margaret Turner, Barnard.

Pi Omega Pi Is Leading Commerce Fraternity

The Beta Chapter of Pi Omega Pi is an active organization on the campus with its activities in the field of commerce. Pi Omega Pi is a National Honorary Commercial Fraternity, being chosen from the student leaders

THE GYMNASIUM—Where Bearcat History Is Made.

majoring in commerce on the campus.

Officers: President, Ed Dietz of Maryville; vice-president, Vera Moore, New Hampton; secretary, K. Virginia Myers, Maitland; treasurer, Helen Busby, Maryville; and historian, Kathryn Sidens, Oklahoma City, Oklahoma.

The purpose of the fraternity is to establish and direct chapters of Pi Omega Pi in teachers colleges and schools of education and to create a fellowship among commerce teachers who have been members of college chapters of this organization.

The aims of the organization are to encourage, promote, extend and create interest and scholarship in Commerce; to aid in civic betterment in colleges; to encourage and foster high ethical standards in business and pro-

fessional life; to teach the ideal of service as the basis of all worthy enterprise.

The activities include social functions as well as scholastic. Miss James of the Commercial Department is sponsor of the organization. E. W. Mounce is chairman of the Commerce Department and E. L. Kelley is another member of the faculty.

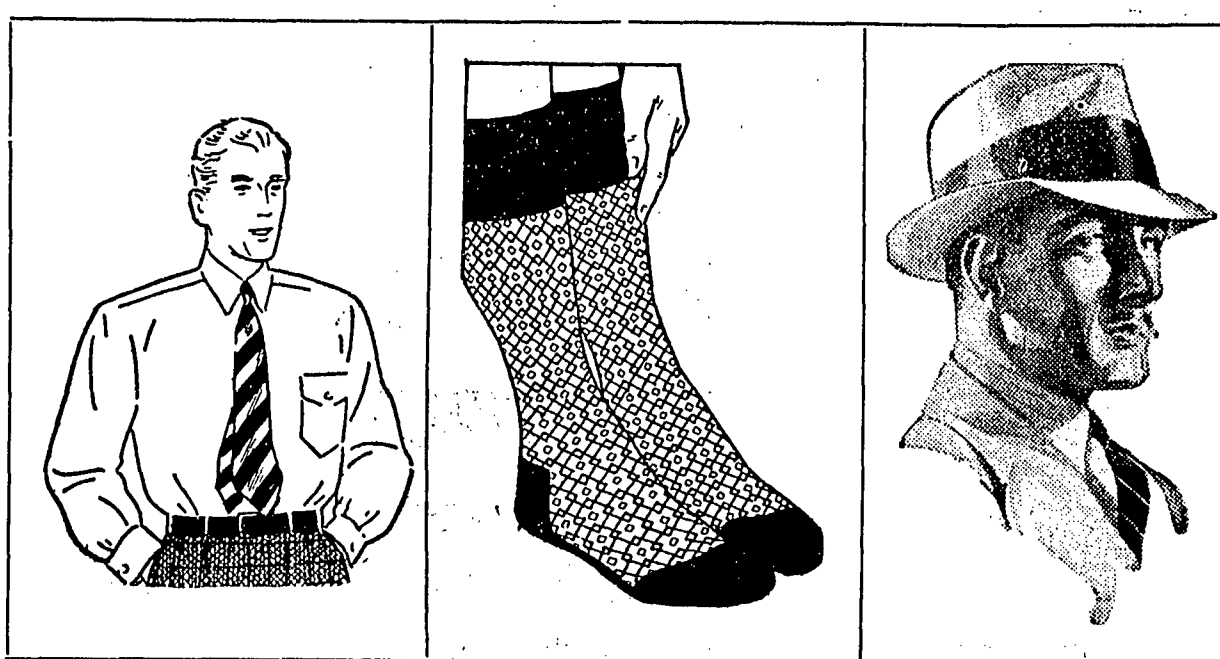

Growlers Send Best Wishes to Students

The Growlers, an organization composed of fifty of the most ardent M. S. T. C. male rooters for the famous Bearcats, are taking this opportunity

to send greetings and best wishes to the students and school people of the Northwest Missouri District and elsewhere. Especially does the club wish to congratulate the seniors of the high schools upon their successful completion of a part of their education and invites them to choose M. S. T. C., for their Alma Mater.

The Growlers wish those who enter the contests this year much luck—But—remember the old saying, "It matters not whether or not you won or lost, but how you played the game." Also—"He who has done his best has done everything" but—"He who has done less than his best has done nothing."

Over the Library Desk

The College Library has received nine volumes published by different committees of the White House conference on Child Health and Protection held in Washington, D. C., November 1930. According to President Hoover the purpose of the conference was: "To study the present status of the health and well-being of the children of the United States and its possessions; to report what is being done; to recommend what ought to be done and how to do it."

The volumes received by the Library are:
Addresses and Abstracts of Committee Reports.
Body Mechanics.
Communicable Disease Control.
Health Protection for the Preschool Child.
Home and the Child.
Nursery Education.

Pediatrics.
Psychology and Psychiatry in Pediatrics.
Special Education.

The College Library meets the standards for teachers college libraries set up by the North Central Association. The educational requirements for trained librarians (of which there are two), the number of books (of which there are 24,440), amount of space for each student are some of the standards met. The Library subscribes for 214 magazines and newspapers; it has a fine collection of reference books. A course in Library Economy provides training for workers in the Library. There are from eight to ten college student workers on the Library forces each year. A Browsing Room provides new books and old for browsing and reading. The Library has often been called the "heart of the institution" and to the real student this is true.

Dr. Anna M. Painter has presented to the Library a reprint of her article "American Editions of the Poems of Burns before 1800," which recently and originally appeared in "The Library of the Bibliographical Society of London."

"AND THE TRUTH SHALL MAKE YOU FREE"

COLLEGE OATH
"We will never bring disgrace to this college, by any act of cowardice or dishonesty. We will fight for the ideals and sacred things of the College. We will reverence and obey the College laws and do our best to incite a like respect and reverence in others. We will transmit this College to those who come after us, greater, better and more beautiful than it was transmitted to us."

TO HIGH SCHOOL SENIORS.

Dear Friend:
In less than a month you will have to answer for yourself the question—"After high school what?" Your high school graduation is a memorable milestone in your life. It will mark a period of worthy attainment, and we of this college extend to you our sincere congratulations.

High school commencement, in addition to recognizing past achievement, marks plainly for you the possibility of a future far more successful than your past years. A life of success, service, and happiness awaits you if you seek it with serious purpose, determination, and hard work. The world needs men and women qualified to hold the big jobs, the positions of leadership.

The twentieth century demands college training to enable you to make the best of your opportunities. Your chances for success are a hundred to one greater if you are equipped with a college education.

The value of the smaller institutions for at least the first two years of college is well recognized. The presidents of the bigger universities join others in advising students to complete their sophomore work before entering the university. If you desire to teach, this

college offers you a full four-year course which cannot be excelled anywhere. If you want a standard Bachelor of Arts degree, this college presents equal advantages with other standard institutions. If you expect to enter a profession other than teaching, you can get your first two years of pre-professional work—fully recognized hour for hour by the best universities—at this college.

Perhaps someone will have to make sacrifices to send you. No college offers more for the necessary cost than we do. The annual expenditure can be kept low and still you can do the things college students should do.

Before finally deciding what you will do this next year, we hope you will consider the advantages offered by the college which belongs to the people of Northwest Missouri.

The fall term opens Tuesday, September 13, 1932.

THE VALUE OF A HIGHER EDUCATION.

Perhaps there will be many of the students who graduate from high schools all over the country this year that do not appreciate the value of a higher education. So many high school students feel that there is no use to go on to college. Others believe that their future would be more secure if they take up some type of vocational training upon graduation. It should be remembered, however, that although this training may fit the student for some particular field of life activity, there is usually lost to these students some of those things of inestimable value that only a college training can give. High school students should keep in mind that, as a majority of the various fields of endeavor are already overcrowded with trained men and women, the chances are few for securing positions. What this country needs today is trained leaders, men and women with convictions and the courage to stand by their convictions. And it is our higher institutions of learning that train our world leaders. A college education is always a source of satisfaction to any man or woman.

WALLACE CULVER.

Conservatory of Music Provides Ample Facilities

Practical and Applied Training Is Offered in Two Major Divisions.

The College Conservatory of music, under the direction of Charles R. Gardner, functions through the divisions of practical and applied music. The division of practical music includes the college courses of instruction and the ensemble classes. The division of applied music includes the instruction in piano, voice, stringed and wind instruments, and the other related to activities.

In the division of practical music, the courses in public school music, include the elements of music, sight singing, grade and high school methods, harmony, and instrumentation. In addition to these courses, a comprehensive course is given in music appreciation. Its organization is unique in that it approaches the subject from the point of view of the layman, as well as of the musician. Music students are given the opportunity to do observation and practice teaching in their major field in the college demonstration school which includes the high school and the grade school. Work includes boys' and girls' glee clubs in the high school, and in the grades class lessons in stringed and wind instruments in addition to the usual vocal work.

Gain Practical Experience.
Practical experience in vocal ensemble is gained through the general chorus and the men's and women's glee clubs. The men's glee club broadcast from station KGIZ in Grant City in November. On this program the club was assisted by Barney Thompson, reader; Carl Blackwelder, trumpet; Edson B. Miller, baritone; and Donald E. Johnson, pianist. The general chorus broadcast Buck's cantata, "The Coming of the King," from station KGBX in St. Joseph in December. On this occasion, Mrs. Schuster, Ethel Field, Mr. Schuster, Barney Thompson, and Graham Malotte were soloists. Practical experience in instrumental ensemble is gained through the bands and the orchestra. In addition to the regular college band, a training band is maintained for those who are learning to play instruments. This band provides members for the regular band. The college orchestra has appeared before the student assembly, the college demonstration rural school, and the teachers meeting, and will assist with the production of the May Fete. All these activities are open to students outside the music department. Instructors in the division of practical music are, Mr. Gardner, Miss Morris, and Mr. Hickernell.

Learn Literature of Music.
In the division of applied music, the Conservatory provides instruction in piano, voice, stringed, and wind instruments. Miss Barton, teacher of piano,

conducts each week a repertoire class. This class acquaints pupils with the piano literature and gives them practical experience in playing. Miss Barton is the accompanist for the chorus and the glee clubs. She is also the organist at the M. E. Church, South. During the past year, Miss Barton has been most active. She has appeared twice before the student assembly. On each of the broadcasts she has furnished a short program. She has made numerous appearances before local clubs and in the churches. Two songs composed by Miss Barton were sung by Mrs. Schuster at a meeting of the Twentieth Century Club. Students of Miss Barton have made frequent appearances. The younger pupils have been presented in two recitals. They assisted with the appreciation program given in connection with Better Homes Week. Lillian Townsend, Helen Kramer, Helen Gaugh, and Donald E. Johnson have played for the Twentieth Century Club. Helen Gaugh played in the piano solo contest conducted by the Federation of Women's Clubs in Kansas City. Donald E. Johnson played a group of numbers on the student assembly program. Aletha Besinger and Barbara Gray gave solos in churches. Mary Allen, Mildred Heck, Grace Reed, and Donald E. Johnson appeared before the college Dramatic Club. Miss Barton and Miss Morris expect to present their older pupils in a joint piano and violin recital before the end of the quarter. Miss Barton will present Donald E. Johnson in recital in the summer. William E. Holdridge, teacher of piano, is now on leave of absence, studying in Minneapolis, Minn.

Appears on Program.
Miss Morris, teacher of violin, appeared in November on the program at an afternoon musical at the Epperson Art Institute in Kansas City. She has played several times before local clubs, in churches, and at the high school. She has appeared twice before the student assembly. She accepted an invitation to play at the Clarinda, Ia., high school. One of Miss Morris' pupils, Wilma Lewis, played on the student assembly program.

Mr. Schuster, teacher of voice, plans a student recital for May. He will present Martha Pfeiffer, soprano, in recital in the summer. Mr. Schuster has appeared twice before the student assembly, and several times before local clubs. In addition to his college duties, he directs the choir of the M. E. church. A student of Mr. Schuster's, Mrs. W. J. Montgomery, appeared before the student assembly. Ruth Stewart, Genevieve Miller, Ramona Van Velson, Katherine Gray, and Martha Pfeiffer, all pupils of Mr. Schuster have sung for campus and church activities.

Sigma Sigma Sigma Is Active Sorority

Sigma Sigma Sigma was the first educational sorority on the N. W. M. S. T. O. campus. Alpha Epsilon Chapter was founded here in 1927. The

organization itself is 34 years old. Its purpose is to develop girls socially as well as scholastically.

Sponsors are Miss Hettie Anthony, chairman of the Home Economics Department, and Miss Nell Hudson, Registrar at the College.

The Tri Sig girls have a house located at 115 Lawn Avenue, where the out-of-town students live, and where social and business activities are held. The house mother is Mrs. Sadie Fry.

The girls have had many honors given them this year. Of eight girls, two chosen from each class, James Montgomery Flagg, noted illustrator, chose four as the most beautiful on the campus. Three of the girls were Tri Sigmas. They are, Miss Faye Bogard, a Senior; Miss Velma Dowis, Sophomore; and Miss Emma Ruth Bellows, Freshman. Miss Gladys Opal Cooper, elect,

Bearcat Quintet Won 24 Games, Lost Two

The Northwest Missouri State Teachers Bearcats won 24 and lost 2 games during the 1931-32 season. They scored a total of 651 points, gained through 260 field goals and 131 free throws; to 795 points for opponents. Although Jack McCracken, all-American selection was held scoreless from the field in the last two contests, he retained high scoring honors with 74 field goals and 38 free throws for a total of 186 points.

GRADUATION PHOTOGRAPHS

While you are in Maryville for the high school contests it will be a good time to have your photo taken.

Photos make ideal graduation gifts and they enable you to remember the happy days of high school life.

If you will come in we will be glad to show you samples and make the kind of picture you desire.

Rosendale	2
Graham	2
Platte City	1 1-5

New Student Handbook Is Coming Out
The new student handbook sponsored and published by the Student Council will probably make its appearance at M. S. T. C. in a very few days. This handbook will be available to all students of the College and will be virtually an encyclopedia on the subject "Our Alma Mater."

Many of the students who entered College for the Short Course seem to have just as much pep as ever. A year of hard work has not entirely conquered them.

Last Friday p. m. Glenn Duncan was pretty busy looking for a bargain in barrels since he got hung up going through a certain doorway. A friend speaking to Glenn—"Too bad!" Glenn: "Well it certainly is, since I have only one more pair of pants at home."

Special Lectures on Shakespeare Are Being Given

Bard's Home and Modern Staging of His Plays Are Described.

The Shakespeare class this spring quarter is having the opportunity of listening to a series of special lectures. On March 23, Miss Dykes lectured to the class on the modern staging of Shakespeare's plays in London and Cambridge. She vivified the plays for those who have only read them by telling how "Richard II" was played last winter at the Old Vic in London, and "Twelfth Night" at Sadler's Wells. She emphasized the skill of the actor John Gielgud in the part of the pathetic Richard, particularly in the scene in which Richard pronounces the theme of all old tragedies as well as his own when he exclaims:

"For God's sake, let us sit upon the ground
And tell sad stories of the death of kings."

Presentation Described.
Miss Dykes described in detail the presentation of "Henry VIII" at the Festival Theater in Cambridge. The actors presented the play on a bare Elizabethan stage, and appeared in the costumes of the figures printed on playing cards. Henry of the many wives was, of course, the King of Hearts. She told also of a presentation in Cambridge of Purcell's operatic version of "A Midsummer Night's Dream."

On April 21, the class had an informal discussion about the new Folger Shakespeare Library, which was dedicated in Washington on April 23. On the same day the new Memorial Theater in Stratford-on-Avon was dedicated. April 23, which the day of Shakespeare's death in 1516 and possibly of his birth in 1564, was the appropriate day on which to dedicate the theater in the village in which he was born and where he died, and to give to Shakespeare scholars of America the Folger Library, one of the richest collections of Shakespeare material ever made.

Visits Shakespeare's Home.
On April 25, Miss Bowman, who visited Stratford-on-Avon last summer, lectured on the poet's birthplace. She took the class from the old Clopton bridge to Anne Hathaway's cottage, and from the flower garden of the Henley Street house to the old Stratford church. By pictures and vivid descriptions, by anecdotes, and reference to the Stratford of Elizabeth's time.

About the middle of May, Miss Lowery will lecture on the beggars, vagabonds and rogues of the plays, showing the realism of their representation. Her explanation will make clear the exact nature of Edgar's disguise in "King Lear," and will illustrate the humor of hangmen and beggars and of those minions of the law whose business it was to "comprehend all vagrom men."

Readers of Shakespeare, the class has learned, are in danger of reading only "Word, words, words." For those who go beyond this empty kind of reading, described so laconically by Hamlet, Dryden's phrase about Chaucer's "Canterbury Tales" will serve for Shakespeare's plays: "Here is God's plenty."

New Club News

The Newman Club of the college has

this year been federated into the National Federation of Catholic Clubs.

The organization has a membership of eighteen students and the sponsor, is Miss Margaret Franken of the college faculty. The club maintains a lege on Third street. Regular meetings of the club are held on the first and third Thursday of the month and the executive committee meets on the intervening Thursdays.

Officers of the club are: President, Maudie Waltemath of King City, Mo.; vice-president, Luke Palumbo of Hubbard, Ohio; secretary, Marcella Spire, Parnell, Mo.; treasurer, Irene Frank, Maryville, Mo.

Each year the Newman Club carries out some specific project, but as yet due to financial conditions no definite activity has been worked out.

STROLLER

The Stroller believes that Ryland Milner might be appropriately mentioned here at this time, since he wasn't mentioned in the list of Oklahoma students in the paper the other day. Of course it is nothing unusual for small people to be left out. However, Riley did get into a huge football uniform and managed to fool the coaches into thinking that he was big enough to play quarterback and direct Lefty's Bearcats to the 1931 championship of M. I. A. A. And again the Stroller recalls that folks seemed to feel pretty safe when Riley was playing the game with Iba's famous basketball champions. So—there now, Riley—better late than never. Good things come in small packages sometimes.—? The early bird didn't get that worm and a forward pass in line sometimes gains more than nine—yards.

From all appearances, the Stroller believes that the age of mustaches is fast approaching. There is no special reason for this belief unless it's the time of year—but there is plenty of evidence under the noses of at least three gentlemen of the faculty. The variety prevalent here it seems is not blue beards but black beards. U. G. Whiffen who has an eye for beauty suggests that if he and G. Carl C. would combine their's with Herb's and transfer suitably to the latter's head that he might be better qualified to withstand the heat back at Ohio State this summer.

Coach Iba and H. R. Dieterich after sitting up all night recently, trying to encourage the fish to bite, finally came to the conclusion that the depression is too much for the fish to swallow without some sort of governmental aid or special inducement. Accordingly, they say they have ordered a convertible fish hound to be imported from Australia. They maintain that the dog is well qualified and highly recommended. In the fall the dog is excellent for quail, ducks and squirrels, treeing only the young squirrels for the hunters.

In time, the men have hopes that the dog will meet the approval of Coach Davis as an ideal fox and coon hound. In the winter, the dog will speak in Australian to the rabbits, as they hop out of the brush piles and cause them to halt and thus play fair with the sportsman, who must conserve ammunition. This summer the fishermen say the dog will dive into the deep holes in the river and flush only the large fish toward the hooks. As the fish hound gets a little more

H. R. DIETERICH

Principal of the College High School and general manager of the Spring Contests.

experience and can hold his breath a little longer, he will be able to slip up on a fish and catch him and thus save the fishermen the expense of fish bait and the time and trouble of taking the fish off the hook. This is also in harmony with the latest in game laws and "non cruelty to animals program."

P. S.: U. G. Whiffen says there are more than thirty lakes within a radius of fifty miles of Pullman, Washington, where he is going to teach. He is negotiating with Dieterich and Iba to borrow their fish hound.

Tri Sigs Observe 34th Anniversary With a Banquet

The Alpha Epsilon chapter of the Sigma Sigma Sigma sorority celebrated the thirty-fourth anniversary of founding of the sorority with a banquet at 7 o'clock Wednesday, April 20 at the sorority house on Lawn avenue. The sorority colors of purple and white were used in the decorations. The table was centered with a large birthday cake. Purple and white tapers were at each end of the table. The place cards and nut cups carried out the story of Sigma Sigma Sigma. There was a nosegay of violets, the sorority flower, at each place.

Students Have Art Designs in Exhibit

Two students at the College at present have designs on exhibit with the New York Art Alliance at the National Textile Exhibit in New York City.

Both pieces of work are designs for cretonne hangings. The designs had to rate an unusually high degree of excellence before being accepted for the exhibit. They are both based on drawings of the streets of the city of Maryville and St. Joseph and were created by Miss Dorothy Babb, senior student of Maryville and Miss Ada Buel of St. Joseph. Miss Buel was in school here last summer and will attend college here this summer.

The exhibit has work from people from all over the United States and prizes are offered by various manufacturers. Textile designs for next year

will be made from selections in this exhibit.

The Art Department was invited to exhibit students work at the American Federation of Arts Work Exhibit which was recently held in Omaha and which Miss DeLuce as a member of the National organization attended.

Department of Education Has Fine Facilities

No Other Division of College Keeps in Such Close Touch With Schools in District.

Perhaps no other department or division of the College is more deeply concerned or more closely connected with the schools of the Northwest Missouri District than the department of Education. This College one of five institutions in Missouri was established and is maintained by the State for the explicit purpose of providing trained teachers, supervisors and administrators for the schools in the nineteen counties in the Northwest District. For this reason the College maintains an excellent and complete educational unit consisting of a Kindergarten Department, an elementary school of the regular eight grades and a first class high school of more than one hundred students.

Professional courses for those majoring in primary, and kindergarten work, or in any of the elementary school grades or junior or senior high school teaching, supervision, or administration work, are offered at the College.

H. T. Phillips, who is chairman of the committee of faculty members that recommends students of the College for teaching positions, is chairman of the Education Department. Other members of the College faculty who are connected with this department are: A. H. Cooper, also of the Recommendation Committee and chairman of the Extension Department of the College which often serves 600 to 1000 students during a period of a year through correspondence and extension courses; Miss Elizabeth White, teacher; Miss Grace M. Shepherd, teacher; Miss Margaret Franken, teacher; Miss Mary Keith, teacher in charge of intermediate grades; Miss Chloe E. Millikan, chairman of the Primary and Kindergarten Department; Miss Irene Smith, teacher; H. R. Dieterich, principal of the College High School and Manager of the Spring Contests; and other student assistants.

E. L. Kelley of the faculty of the Commerce Department of the College, has just received the following letter in part, from Hubert A. Hagar, general manager of the Gregg Publishing company of New York: "I have just finished reading your article 'Trends in Business Education Certification.' This article, I am sure, will be of great interest to our readers. In order to give it the widest possible circulation, I suggest publication in either the September or October issues of the American Shorthand Teacher. October will probably be better as by that time our circulation will have reached the maximum number."

Freshman Class Is Largest in Years

The Freshman Class of 1931-32 had a larger enrollment than any freshman class for years. The officers are: President, Paul Shell, Skidmore; vice-president, Ralph Westfall, Maryville; and secretary-treasurer, Wanda Reek, Walnut, Iowa.

Several honors have been won by freshmen this year. Emma Ruth Bellows of Maryville was chosen as one of the four Tower Queens. Wilbert Parker, Maurice Sullivan, Otis Smith and Gerald Stigall won gold footballs as members of the M. I. A. A. Championship Football team.

The freshmen have not lacked for social activities during the year. A picnic was given in their honor at the Country Club Registration Day. In January a freshman party was held in Social Hall and in February the class sponsored an all school dance in the west library.

And just for fun, it could truthfully said that the freshmen haven't lacked for anything this year, including head gears, instructions for getting in and out of the buildings, on and off the campus, and directions in general.

The officers admit in sending greetings to whom it may concern that the class is rapidly approaching the mental age of the Sophs.

Alpha Phi Sigma Fosters Scholarship

Alpha Phi Sigma, national honorary scholarship fraternity, made its appearance on the M. S. T. C. campus two years ago. It has as its purpose to promote and continue scholarship from the high school on through college.

The membership in the organization consists primarily of the valedictorians and salutatorians graduated from the

Miss Nell Martindale

Chairman of the Department of Physical Education for Women, and director of the Annual May Fete.

high schools; however students who have good records in college may become members.

To promote high school interest in scholarship, this chapter each year sends out certificates to the first class high schools in the Northwest Missouri District, for the honor graduates. The certificates are presented to the students at Commencement, along with the high school diplomas. Any one presenting a certificate to the officers on registration at this College automatically becomes a member in Alpha Phi Sigma.

The officers this year are: President, Glen S. Duncan, Excelsior Springs; vice-president, Aletha Besinger, Stanberry; secretary, Margaret Maxwell, Cameron; treasurer, Marvin Shamberger, Graham.

Sigma Tau Delta
Sigma Tau Delta is an honorary English fraternity, having for its purpose the promotion of interest in the art of written expression.

The local Chapter, Epsilon Gamma, was established on this campus two years ago. Membership includes those students who are majoring and minoring in English and others interested in creative writing.

Officers of the local organization are: President, Flora Scheffsky, Graham; vice-president, Norvel Saylor, Hopkins; treasurer, Donald Jackson, Pickering; secretary, Ruth Vann Sant of Shenandoah, Iowa, who wrote the best poem in the state, last year, in the Missouri College Newspaper Association contest.

Sigma Tau Gamma Has Forty Actives

Sigma Tau Gamma, a social fraternity limited to teachers colleges, was established on the local campus in 1927, when Theta chapter was installed. There are about forty active members of the local chapter of Sigma Tau Gamma, the oldest social fraternity on the campus.

Sigma Tau Gamma, one of the oldest teachers college fraternities has eighteen active chapters, and about 3,000 members.

Officers of Theta chapter are president: L. N. Bricken, Sedalia; vice-president, Howard Cofer, Fairfax; secretary, Charles Bell, Maryville; treasurer, Jim Stubbs, Chillicothe; sergeant-at-arms, C. B. Barry, Oregon; pledge master, Paul Francis, Savannah; corresponding secretary, Arthur Brewer, Maryville.

We Welcome the Contestants!

We serve hot plate lunches, sandwiches and fountain drinks. We also have candles.

Han. 694 **Ideal Beauty Shop** Far. 405

Note: We give all leading brands of permanents with the best equipment money can buy.

Footwear for the Graduates

We are showing the very finest footwear for the graduate. Footwear that is not expensive and the kind that will wear for many months after commencement ends. We have a complete assortment of models for both young men and young women but we are suggesting these two patterns for your inspection.

We Suggest These Models

Doris Cloth PUMP

This Doris Cloth Pump is a very popular model pump among the young ladies. The cloth is seamless and it has a 10-8 Louis heel. Besides being a good appearing model it is built for comfort.

\$4.95

Wing Tip OXFORD

For the young man we suggest this wing-tip oxford. It comes in black only or in the black and white combination. It is made of soft calfskin and comes with a leather heel.

\$5.00
